INDIAN DRUGS & PHARMACEUTICALS LTD intends to purchase bulks as per technical specification given in Appendix-A Interested parties are invited to sent technical & financial bids as per terms & conditions s laid down in Appendix-B .It may be noted that quotations shall be submitted in single bid system i.e. Technical bid & Financial bid in one sealed covers, clearly marking Tender No. & Date of opening and should reach INDIAN DRUGS &

PHARMACEUTICALS LTD. PO;VIRBHADRA[RISHIKESH]UTTARAKHAND PIN-249202 latest by 2.30 p.m. on dated indicated in above table. The Technical& Financial bid which shall be opened on SAME DAY at 3.00 p.m. in presence of the parties/representatives (if they turn up). The format for submitting the bids may be downloaded from the **website www.idplindia.in** or obtained from the office of IDPL i.e. INDIAN DRUGS & PHARMACEUTICALS LTD. PO;VIRBHADRA[RISHIKESH] on any working day, before the date of submission of Tender. For &on behalf of INDIAN DRUGS & PHARMACEUTICALS LTD.PO;VIRBHADRA[RISHIKESH]UTTARAKHAND PIN-249202 Tel:- 0135- 2450179 Fax- 0135- 2450176.

Dated:- 2016

M/S.-----

Sub;- Request for Technical And commercial quotations for-----

Ref:- Tender No. -----

INDIAN DRUGS & PHARMACEUTICALS LTD(IDPL) intends to purchase Pharma Bulks
This RFP consist of 04 PARTS as indicated below:-

- (A) PART- I. This part consist of general requirement of the material , the time frame for deliveries,
 - (B) PART-II. The second part of RFP incorporates the aspects of technical parameters and specifications of the proposed material being purchased as per Appendix A.
 - (C) PART-III . The third part of RFP consists of the commercial aspects of the procurement , payments terms etc.
 - (D) PART-IV .The fourth part defines the criteria for evaluation and acceptance both in technical and commercial contents. A Format has been enclosed for submission along with commercial offer to facilitate preparation of CST(Comparative Statement of Tenders) and identification of L 1 vendor Submission of incomplete format enclosed along with commercial offer will render the offer liable for rejection.
2. IDPL invites responses to this request in single bid system (Technical & commercial bid) only from original manufacturers or authorized dealers/traders. The end user of the Bulk is IDPL.

PART-1 GENERAL REQUIREMENTS

3. **Year of Production**:- Supplies should be of latest manufacture, conform to the current production standard and should have 100% of the defined life at delivery.
4. **Delivery Schedule**:- Delivery of the material :- Immediate/As early as possible.
5. If the material being offered has been supplied to any Organization, Public/Private in India, during last 3 years the details of the same may be furnished in the technical offer.
 - 6 The technical offer will be evaluated on basis of COA provided by the party.
 7. Commercial offer will be opened only of the vendors whose material has been technically accepted.
 - 8.The vendor is requested to take into consideration the Payment Terms given a Appendix-B.
- 9 .To assist the supplier in formulating the commercial proposal and to ensure that all aspects are covered a suggested format of price bid is given at Appendix-C.
10. arbitration clause:- In case of any dispute the arbitration shall be finally settled under the provisions of the Arbitration and conciliation Act, 1996 as amended from time to time. Arbitration proceedings shall be held at Dehradun and the civil courts in Dehradun shall be exclusive jurisdiction.

PART IV EVALUATION AND ACCEPTANCE CRITERIA

11. **Evaluation of commercial proposal**:- The commercial proposal of the firm whose material has been short listed technically will only be opened and a comparative statement will be prepared, L1 bidder will be decided on the basis of total price/kg including taxes and duties, ST, VAT etc as per format given at Appendix-C.

Yours faithfully

Technical specifications:

Azithromycin Dihydrate IP

- 1.Shelf life of drug should not be less than 36 to 60 months.
- 2.The material should be preferred fresh stock/latest batch available..
- 3.Material is standard packs of uniform quantity should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 4.Suppliers should mention the name of manufacturers in the offer letter along with authentic certificate of analysis..
- 5.Each pack should be labeled properly indicating :-
a)Batch No. b)Gross Wt. c)Net Wt d)Date of Mfg. e)Date of Exp.
- 6.Party should be supplied working standard impurity & relative substances.
- 7.At the time of bulk supply mfg. date should not be older than 03/05 months.
- 8.The assay should not be less than 98%
- 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Levofloxacin Hemihydrate IP

- 1.The material should confirm all the specifications as laid down in IP 2014.
- 2.Shelf life of bulk should be 36 to 60 months.
- 3.The material should be preferred fresh stock/latest batch available...
4. Material is standard packs of uniform quantity should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 5.SupplierS should mention the name of manufacturers in the offer letter along with authentic certificate of analysis. .
- 6.Each bag should be labeled indicating:-
a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.
- 7.Party should be supplied working standard impurity & relative substances.
- 8.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..
- 9.The assay should not be less than 99.

Ciprofloxacin Hydrochloride IP

Specifications:-

- 1.The material should confirm all the specifications as laid down in IP 2014.
- 2.Shelf life of drug should be 36 to 60 months.
- 3.The material should be preferred fresh stock/latest batch available
- 4.Material is standard packs of uniform quantity should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 5.Suppliers should mention the name of manufacturers in the offer letter along with authentic certificate of analysis..
- 6.Each pack should be labeled properly indicating :-
a)Batch No. b)Gross Wt. c)Net Wt d)Date of Mfg. e) Date of Exp.
- 7.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..
- 8.Party should be supplied working standard impurity & relative substances.
- 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Norfloxacin IP

Specifications:-.

- 1.Shelf life of drug should be 36 to 60 months.
2. The material should be preferred fresh stock/latest batch available..
- 3Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 4.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis..
- 5.Each pac should be labeled properly indication :-
 - 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material.
 - a)Batch No. b)Gross Wt. c)Net Wt d)Date of Mfg. e)Date of Exp.
- 6.Party should be supplied working standard impurity & relative substances.
.The assay should not be less than 99.5%
- 7At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Paracetamol IP

- 1.Shelf life of bulk should not be less than 48 months
- 2.The material should be preferred fresh stock/latest batch available...
3. Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 4.Suppliers should mention the name of manufactures in the offer letter along with authentic certificate of analysis. .
- 5.Each bag should be labeled indicating:-
 - a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.
- 6.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

TINIDAZOLE-I.P.

- 1.The material should confirm all the specification as laid down in IP 2014.
- 2.Shelf life of drug should not be less than 48 months.
- 3.The material should be preferred fresh stock/latest batch available..
- 4.Material is standard packs of uniform quantity, should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 5.Suppliers should mention the name of manufactures alongwith the analysis test report with the offer letter.
- 6.Each bag should be labeled indicating:-
 - a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett.Wt
- 7.Party should be supplied working standard impurity & relative substances.
- 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Fluconazole I.P.

- Specifications:-
- 1 The material should confirm all the specifications as laid down in IP 2014.
 - 2.TheShelf life of bulk should not be 36 to 60 months the time of supply.
 3. Material should be first packed in double polythene bags then kept in sealed HDPE bag to protect the material in transit hazards..
 - 4.Each supply should be accompanied with the analysis test report..

- 5..Suppliers should mention the name of manufactures along with the analysis/ test report with the offer letter.
- 6.Bulk density[tap density] of the material should not be less than 0.7 gm/ml.
- 7.Each bag should be labeled indicating:-
a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett.Wt
- 8.Party should be supplied working standard impurity & relative substances.
- 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..
- 10.The assay should not be less than 99%

Ascorbic Acid IP

- 1.Shelf life of bulk should not be less than 48 months
- 2.The material should be preferred fresh stock/latest batch available...
3. Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 4.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis. .
- 5.Each bag should be labeled indicating:-
a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.
- 6.Party should be supplied working standard impurity & relative substances.
- 7.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Riboflavin IP

- 1.Shelf life of drug should not be less than 48 months.
2. The material should be preferred fresh stock/latest batch available..
- 3Mterial is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 4.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis..
- 5.Each pac should be labeled properly indication :-
a)Batch No. b)Gross Wt. c)Net Wt d)Date of Mfg. e)Date of Exp

Calcium Pantothenate IP

- 1.Shelf life of drug should not be less than 48 months.
2. The material should be preferred fresh stock/latest batch available..
- 3Mterial is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
- 4.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis..
- 5.Each pac should be labeled properly indication :-
a)Batch No. b)Gross Wt. c)Net Wt d)Date of Mfg. e)Date of Exp
- 6.Party should be supplied working standard impurity & relative substances.
- 9.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Folic Acid I.P.

- 1 Shelf life of drug should not be less than 48 months and it should not have lost more than 3 months of its assigned shelf life at time of affecting supply..
2. Material is to be in standard packs of uniform quantity, should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
3. Suppliers should mention the name of manufacturers along with the analysis/ test report with the offer letter.
4. Each pack should be labeled indicating:-
 - a) Batch No. b) Date of Mfg. c) Date of Exp. d) Gross Wt. e) Nett. Wt.

5. Party should be supplied working standard impurity & relative substances.

9. At the time of bulk supply mfg. date should not be older than 03 months for 3 years, 4 months for 4 years and 5 months for 5 years shelf life of the material..

Doxycycline HCL I.P

Specifications:-

1. Shelf life of drug should not be less than 48 months.
2. The material should be preferred fresh stock/latest batch available..
3. Material is standard packs of uniform quantity should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
4. Suppliers should mention the name of manufacturers in the offer letter along with authentic certificate of analysis..
5. Each pack should be labeled properly indication :-
 - a) Batch No. b) Gross Wt. c) Net Wt d) Date of Mfg. e) Date of Exp
6. Party should be supplied working standard impurity & relative substances.
7. At the time of bulk supply mfg. date should not be older than 03 months for 3 years, 4 months for 4 years and 5 months for 5 years shelf life of the material..

Diclofenac Sodium I.P.

1. The material should confirm all the specifications as laid down in IP 2014.
2. Shelf life of drug should not be less than 60 months.
3. The material should be preferred fresh stock/latest batch available..
4. Material is standard packs of uniform quantity should pack in double polythene bags and should be packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards.
5. Suppliers should mention the name of manufacturers in the offer letter along with authentic certificate of analysis..
6. Each pack should be labeled properly indication :-
 - a) Batch No. b) Gross Wt. c) Net Wt d) Date of Mfg. e) Date of Exp.

6. Party should be supplied working standard impurity & relative substances.

6. At the time of bulk supply mfg. date should not be older than 03 months for 3 years, 4 months for 4 years and 5 months for 5 years shelf life of the material..

Atenolol IP

- 1.Shelf life of bulk should not be less than 60 months the material should be preferred fresh stock/latest batch available...
2. Material should be first packed in double polythene bags then kept in sealed HDPE bag to protect the material in transit hazards..
- 3.Suppliers should mention the name of manufactures alongwith the analysis test report with the offer letter.
- 4.Each bag should be labeled indicating:-
 - a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Net
- 6.Party should be supplied working standard impurity & relative substances.
- 7.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Losartan Pottasium IP

- 1.Shelf life of bulk should not be less than 48 months
- 2.The material should be preferred fresh stock/latest batch available...
3. Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 4.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis.
- 5.Each bag should be labeled indicating:-
 - a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.
- 6.Party should be supplied working standard impurity & relative substances.
- 7.At the time of Bulk supply Mfg. date should not be older than 3 months.

Pyridoxine Hydrochloride IP

- 1.Shelf life of drug should not be less than 48 months
and it should not have lost more than 3 months of its assigned shelf life at time of affecting supply.
2. Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 3.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis. .
- 4.Each bag should be labeled indicating:-
 - a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.
- 5.Party should be supplied working standard impurity & relative substances.
- 6.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Amlodipine Besilate IP

- 1.Shelf life of drug should not be less than 36 months
- 2.The material should be in amorphous form.
- 3.The material should be preferred fresh stock/latest batch available...
4. Material is standard packs of uniform quantity should pack in double polythene bags and should packed in a sealed wooden/fiber drum which are strong enough to withstand the transit hazards..
- 5.Suppliers should mention the name of manufactures in the offer letter alongwith authentic certificate of analysis. .

6.Each bag should be labeled indicating:-

a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett Wt.

6.Party should be supplied working standard impurity & relative substances.

7.At the time of bulk supply mfg. date should not be older than 03 months for 3 years,4 months for 4 years and 5 months for 5 years shelf life of the material..

Colour Ponceu 4R

1 The material should be a pharma grade.

2.The shelf life of bulk should not be less than 60 months at the time of supply.

3.Material should be first packed in double polythene bags than kept in sealed HDPE container to protect the material in transit hazards.

4. Each supply should be accompanied with the analysis test report.

5.Suppliers should mention the name of manufactures alongwith the analysis/ test report with the offer letter.

6.Each bag should be labeled indicating:-

a)Batch No.b) Date of Mfg.c)Date of Exp. d) Gross Wt. e)Nett.Wt.

A Company Profile:

1. Company's name and full address date of incorporation, registered address and manufacturers address.
2. Proprietorship/Partnership/private/Public along with name of the partners in case of partnership.
3. List of the clients during last 3 years.

Appendix-B Payment Terms:-

The delivery of goods will be FOR (destination) with consignee location at IDPL VIRBHADRA.

Payment terms:- Vendor may formulate their commercial offer on the assumption of 30 days credit/60 days credit/90 days credit payment basis.

Appendix-C Financial Bid format

<u>S.No</u>	<u>Description</u>	<u>Price in Rs. per kg/ No.</u>
<u>b</u>	<u>Taxes & Duties</u> Packing Excise Duty CST VAT	
	<u>Total</u>	

Appendix-D Draft warranty clause

- 1 .The seller warrants that the goods supplied under this contract conform to technical specification prescribed and shall perform according to the said technical specification
2. The seller will replace the material in case any rejection is found during the use at his risk & cost.
